

Toby Basta

Raised in Carson City, Toby began his construction career in Vail, CO before moving to the Bay Area to earn his master's degree in civil engineering and construction management at UC Berkeley.

After completing school, he went to work for Opus West and The Arbor Building Group on multi-family and commercial projects in the San Francisco Bay Area. He returned to the Reno-Tahoe region in 2007 to lead Q&D Construction's structural concrete team for the \$210M Ritz-Carlton Lake Tahoe. Next, for Q&D, Toby relocated to Salt Lake City, UT and then to Billings, MT to lead the teams planning and constructing SCHEELS superstores in those communities.

He returned home to Nevada in 2014 to take the top spot in Q&D's Building Group. As Q&D Vice President, he tripled the Building Group's annual revenue between 2014 and 2019.

In 2020, Toby took the reins of Plenium Builders as the company's President and Managing Partner. Plenium is a full-service General Contractor serving the western U.S. region with a diverse portfolio of projects including industrial, commercial, K-12, Higher Education, Hospitality, Luxury Homes, SCHEELS Superstores and Healthcare.
